# About WEPAA...

*Founded in January 2003, West Essex Parents for Autism Awareness, Inc. is a community based non-profit charitable organization. Our mission is to provide information, outreach and support for parents, families and friends of children with autism and autism related disorders. WEPAA also purchases and distributes educational materials and specialized equipment to local schools and libraries and organizes programs that serve children with autism.*

*Autism is a lifelong developmental disorder that currently has no cure. Autism knows no racial, ethnic, economic or social boundaries. The number of children diagnosed with Autism Spectrum Disorders continues to grow exponentially. Currently it is estimated that one in every 68 children in the U.S. is affected by autism, making it more common than childhood cancer, juvenile diabetes, and pediatric AIDS combined. The rates in New Jersey are even higher – one in every 45 children, and one in 28 boys.*

**Your support of this event will  
enable WEPAA to continue  
funding programs and  
recreational activities for  
children with autism and  
their families.**
